Shannon Desjardins
Secretary Treasurer

May 3, 2021

Dear Parents, Guardians, & Caregivers:

As you are aware, there have been positive cases of COVID-19 at Glenella School. Several staff, students, and their respective families have been identified as close contacts or have been required to self-isolate in accordance with public health guidelines. In consultation with Public Health and Manitoba Education, Turtle River School Division will move Glenella School to temporary remote learning until Friday, May 7th. Public Health officials may extend the time of temporary remote learning after a review of our specific situation.

Some additional information that you may require:

- Critical Service Workers:** We ask parents in K-6 (or under 12 years of age) to let us know if they are critical service workers who cannot make alternative arrangements for childcare. A letter from the School Division will follow with additional information.
- Learning from home:** Communication about remote learning will come directly from your school and/or teacher. Remote learning will begin as soon as possible.
- Bus Transportation:** At this time, bussing will be limited to the children of critical service workers only.

We appreciate the support of the community as we navigate this challenge and hope for a quick recovery for all those affected. Our staff members will continue to adapt as this situation evolves and will continue to do their absolute best to support the learning and well-being of our students. We are grateful for your understanding and patience.

Stay safe and healthy,

Bev Szymesko

Superintendent

Turtle River School Division
